French War Chief Pays High
Tribute to Yanks' Service.

Kansas City, Mo., Nov. 1.—Marshall
Foch, most distinguished of guests
attending the American Legion con-
vention, received his greatest Ameri-
can welcome this afternoon.

Riding with the world war chief-
tains at the head of over 50,000 legion-
naires, he was cheered by countless
thousands along a seven mile route.
The parade was the most gigantic in
the history of the city, a tide of khaki-
clad men which surged down the
streets to the eastward, and nearly
a hundred bands and drum corps.

In the front ranks of the procession,
marched the congressional medal
of honor heroes.

Kansas City Takes Holiday.

Following them came the dis-
tinguished visitors, Marshall Foch,
Gen. Diaz, Gen. Jacques, Admiral
Bonty, Gen. Pershing, Admiral Rod-
man, and a host of others with their
aides and escorts.

Disabled war veterans were next in
the line of march, Marshall Foch and
the distinguished guests entered a
spacious reviewing stand, and viewed
the parade of former service men.
In honor of the parade, a holiday
had been declared in the city and it
was estimated that 400,000 persons
crowded the line of march and took
part in the demonstration.

Kansas City, Mo., Nov. 1.—Brig.
Gen. Roy Hoffman, of Oklahoma City,
Okla., was steadily gaining in strength
this afternoon among the candidates
for national commander of the Ameri-
can Legion. Many of the delegates
predicted that General Hoffman would
be elected when the balloting begins
at tomorrow morning's final session.

The great moment of the American
Legion convention came this morning
when Marshall Foch, Gen. Pershing,
Gen. Diaz, Gen. Jacques, Admiral
Bonty, and General John J. Pershing,
standing side by side, faced the as-
sembled hosts of legionnaires.

It was the climax of the convention.
Foch, the commander-in-chief of the
allied armies, on his first visit to
America, and Pershing, the commander
of the American expeditionary force,
greeting the legion representatives of the Ameri-
can fighting men.

Foch looked upon the men who
came to strengthen and hearten the
tired and worn allies. Pershing saw
in the sea of upturned faces, his own
fighting heroes who followed the flag
of the red, white and blue.

Both were proud. Both had been
central figures in many great demon-
strations before the eyes of the world,
but neither had ever been more im-
pressed than with this welcome in the time
of peace.

The presentations followed a sym-
bolic ceremony signifying the friend-
ship between the two countries.

Sang for Foch.

In honor of "La Marseillaise,"
the song and every heart was thrill-
ed. Then came the "Star Spangled
Banner" inspiring the vast assemblage
which packed the city's main hall.
Delegates and alternates waved Ameri-
can and French flags, and wild
cheering rolled back and forth in
cessless undulations.

Marchal Foch was the first to ad-
dress the convention. His speech was
a glorious tribute to the American
American arms on the side of the al-
lies.

"I cannot tell you," he began, "how
great is my satisfaction at finding
myself amongst you, valiant soldiers
of 1918, to live again our glorious
memories. Three years ago, on the
first of November, 1918, the entire
American army in France took up
vigorously the pursuit of the defeated
enemy and did not halt until the Ger-
man surrender."

"Hour of glory for the American
army, a proper culmination for a mili-
tary effort, glorious alike in its in-
tensity as in its rapidity."

"One and all, you have had your
share in it. You may well be proud."

Traded American Recognition.

Marchal Foch, then told of the splen-
did organization of the American
forces, the great system of transpor-
tation and the constant stream of ma-
terials and supplies.

"A prodigious effort on the part of
your entire nation's intelligence, will
power and energy," he said, "a pro-
digious effort which has filled your
association with admiration and grati-
tude to you."

With earnestness, "La Marseillaise"
then spoke of the spirit of the Second
and Third American army divisions at
Chateau-Thierry and in Belleu wood,
and later, the victory of the battle of
the French armies between the Aisne
and the Marne.

"Finally," he said, "it was that spir-
it which animated all the American
army when, on the 24th of July, Gen-
eral Pershing formed your splendid
units under his own command."

Tribute to Yank Valor.

Marchal Foch then traced the opera-
tions of the American army at St.
Mihiel, the Meuse and thru the Ar-
gonne.

"Nothing could discourage or check
your army," he said, "It threw itself
with generous ardor into the immense
task. The day was a rude one but it
was carried thru to a glorious finish."
"In a few months you had taken
45,000 prisoners and 1,400 cannon
from the enemy."

"During this time your second army
impetuously advanced to attack in its
turn in the direction of Metz, but
happened and defeated the enemy laid
down its arms."

Indian summer weather is back in
Kansas again for an indefinite so-
journ. Sunshine will be plentiful to-
day and Wednesday. No rain is in
the air as the sky was clear today from
Kansas west to the Pacific coast,
north to the Canadian border and
south to the Gulf.

The temperature in the northwest
is warmer than in Kansas. The tem-
perature will rise to about 65 degrees
this afternoon and will drop tonight
to about 40 degrees. Wednesday it
will not go above 60 degrees.

The highest temperature in Kansas
Monday was 79 degrees at Dodge City,
and the lowest was 23 at Goodland.
The highest in the United States Mon-
day was 88 degrees at Phoenix, Ariz.,
and the lowest was 26 at Winnemucca,
Nev.

No rain was reported in the state
during the last twenty-four hours. It
was raining today from Kentucky
east to New York and north to Bos-
ton.

The highest temperature ever re-
corded in Topeka on this date was 81
in 1888 and the lowest was 22 in 1912.
At 2 o'clock this afternoon the wind
was blowing at seven miles an hour
from the north.

After the meeting which lasted thirty-
five minutes it was stated that another
committee meeting would be held to-
morrow at the negotiators' program.
